RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents
Washington, D.C. 20231

Sir:

This paper is responsive to the Office Action dated March 14, 2003, in which the Examiner has required restriction to one of the following inventions:

- | | |
|---------|---|
| Group 1 | Claims 1-5, drawn to a wire harness; |
| Group 2 | Claims 6-11, drawn to a method of manufacturing a wire harness; and |
| Group 3 | Claims 12-13, drawn to an apparatus for manufacturing a wire harness. |

Applicants respectfully assert that the restriction requirement is in error since claims 12 and 13 are the only pending claims. Claims 1-11 were canceled via the transmittal letter dated January 18, 2001, which accompanied the other originally filed application papers.

In view of the foregoing, Applicants submit that a complete examination on the merits is in order. Early and favorable action is respectfully requested.

Response to Restriction Requirement
